LETTER OF RECOMMENDATION

I take the pleasure to recommend **Mr. Syed Mohammad Althaf** as a prospective student for the graduate program. I have known him for the past four years. I had a close interaction with him when he credited my course on "**Dynamics & Vibration of Machinery**". This has given me ample scope to know about his academically and personally.

He has demonstrated good performance in the courses mentioned above. His exceptional command over the subject is the result of a clear understanding of the fundamentals involved. I observed him be a perspicacious student, enthusiastic about the nuances of the subjects. As a student, He has impressed me with his clarity of thought and good analytical skills through the assignments and project work given. He has a good caliber in demonstrating the experimental work.

His perception and fundamentals of subjects are commendable. He is extremely confident and very interested in his chosen field of study and regular in achieving his accomplishments. He is very enthusiastic and zealous to pursue higher studies. I found his efficient and meticulous in carrying out any academic work or co-curricular activities entrusted to him. He maintains a harmonious relationship with the faculty as well as his peers. His behavior with teachers and reverential attitude towards elders is admirable.

I hereby strongly recommend him candidature for admission into a graduate program in your esteemed university with possible funding. I am sure that he is committed to the course and will do his best to reach up to the standards of your esteemed institution and prove to be an asset.

(Dr. RAVINDRA KOMMINENI)

LETTER OF RECOMMENDATION

I take immense pleasure in recommending **Mr. Syed Mohammad Althaf** for graduate studies at your esteemed university. I have known him for the past three years of his bachelor's degree program. Whose perseverance, sincerity and thirst for knowledge have made me recommend to your university. I taught him "**Metrology & Measurements**" and "**Fluid Mechanics & Hydraulic Machines**".

He is methodical and systematic in approach. He has an analytical bent of mind. His innovative perspective of viewing practical problems based on fundamental knowledge. He acquired all through his course are displayed in his practical courses & other co-curricular activities, like representing our college in various forums and technical contests.

In fact, he has a very good ability to solve problems. He tries to link various theories and analyze the question that has been asked to have a wider approach and answer with better understanding of the subject. Personally, he possesses an enthusiastic attitude towards learning and is always ready to share his knowledge with his batch mates. This became very evident when he volunteered to conduct numerous classroom seminars on various technical and non-technical topics.

He is sincere and detailed in his approach and with his positive attitude and willingness to learn more, he will reach great heights in this career, and I believe he will be an extremely valuable addition to your university and department. I wish him all the success in his future.

LETTER OF RECOMMENDATION

It gives me immense pleasure in recommending **Mr. Syed Mohammad Althaf** For the masters program at your esteemed university. I know him as an undergraduate student for three years. I have handled the course of **"Theory Of Machines"** and current project guider. This gives me an opportunity to judge his potentials and integrity personality as well as academically.

In this long association I has ample opportunity to assess his professional and personal abilities and I must say he has shown excellent interest in all his scholastic pursuits. He is a person with very good grasping and analysing capabilities.

I found him to be sincere, hardworking and highly motivated student. He has an inherent desire to improve and work towards perfection, which is quite evident from his academic record. He is always very eager to know about latest developments in his field of study. His planned efforts in preparation and presentation of reports and assignment have been impressive. In these years of acquaintance, I have found his ideas to be innovative and creative. His performance in departmental and class seminars was outstanding.

It is my pleasure to recommend **Mr. Syed Mohammad Althaf**, for pursuing master degree at your esteemed university. I believe that he would prove himself to be a tremendous asset to your university. I totally endorse and strongly recommend this candidate to your university or graduate program and ensure that he is provided with suitable finding for his MS program.
